32X Nature Hunt Cards

These Nature Treasure Hunt flashcards are a fun way for students/child to work collaboratively in nature while learning useful nouns and adjectives. Get kids outside exploring, observing and wondering amongst

Reggio Emilia Inspired nature.

Activity idea 1 - Students randomly choose a card and race each other to find or take a photo of something in nature representing the adjective or noun.

Activity idea 2 - Punch holes in corner and Add cards to a key ring to create a travel flashcard book. Take book and a nature observing journal on your class bushwalk and get children to make a list of everything they can find for each flash card. You can even get them to draw it.

plus bonus **1x** nature inspired BOOKMARK

1x worm/nature find measurement rule (this ruler is designed to get kids measuring the things they find in nature , you can get them to record the measurements in a nature journal, let them embrace their wild side and find worms to measure.

2x colour in the mats using colours found in nature (petal, leaves, seeds etc)
